Subject: RFP for a CCBHC for Tulsa County

I am thinking about sending this email to Carrie, ' Your thoughts and input.

Good evening Carrie,

I have board members starting to question the RFP that I told them about when we started down the road of moving into Tulsa County. I started discussing this with the board several months ago when we had some discussions about the possibility of this happening. During my last conversations with you, I came away with the feeling it was something ODMHSAS was interested in doing, and an RFP would be released possibly in January of this year.

I fully understand the release of an RFP for Tulsa County would only mean we would have an opportunity to respond. However, we have been doing a lot of work in preparation for the release of this RFP. As we enter the fourth quarter of FY 23, our board is starting to wonder when or if the RFP will be released.

Any guidance you could give me would be helpful. A yes or no that the RFP will be released and an approximate date would be enough information to satisfy our board that we are moving in the right direction.

Thanks

Larry Smith, CPRSS
